

The Fire Bird

*The mystic creature radiant,
it glowed as it flew through the night.
A plumage ablaze with colour
and it shone as if set alight.*

*The magic of a fairy tale,
Russian folklore it sets ablaze.
A Shimmering wonder for all,
its explosive gift will amaze.*

*Capture of this gleaming creature
can bring fortune or even doom,
some believe it has these powers
to ignite joy or smoky gloom.*

*A flaming crest with scorching eyes,
its tail a glimmering parade.
Returning to a distant land,
a glistening glide was displayed.*

*It's deemed the future it can see,
find a feather, follow the trail.
Marvel at its burning beauty,
dazzle in the Fire Bird spell.*
